THE FRONT COVER

The splendid action photograph which adorns the front cover was taken in Florida last year. It shows Hadacal, champion jumper of the 1956 Calgary Horse Show clearing the triple bar in an open air horse show in Florida. The horse is being ridden by Mrs. Lil. Williamson of Brandon, Manitoba, who with her husband, Gordon Williamson, exhibit a string of hunters and jumpers under the name of the Lila-Gord Stables of Brandon.

The Williamsons won the International Team Jumping event for Manitoba at the 1956 Calgary Horse Show.

A HEARTY WESTERN WELCOME

Calgary and its sports-minded citizens extend greetings to the visitors and participants in the 1957 edition of the Calgary Horse Show. May skill and sportsmanship combine to make this the most successful Calgary Horse Show ever!

"Ladies and Gentlemen . . . Your Judges"

The judges selected for the Calgary Horse Show are men of experience and whose judging qualities are of the highest.

Eldon J. Fairbanks

The senior judge, Eldon J. Fairbanks of Pasadena, California, has judged at numerous major horse shows. He has been a horseman since boyhood, and his judging assignments include the Kansas City American Royal, Grand National Denver, five consecutive times at the Los Angeles International, and numerous other major shows.

The judge of western events, E. J. Gutschenritter of Garden Plain, Kansas, is a farmer-rancher who lives 14 miles west of Wichita, Kansas. He raises registered quarter horses and pure bred Aberdeen Angus cattle.

E. J. Gutschenritter

He is president of the Kansas Quarter Horse Association, and has been accepting western type horse show assignments for the past 12 years.

William J. Smith, the official scorer is a former Calgary resident who is now living in Toronto. He has made a study of hunter and jumping event scoring and holds a card under Canadian Horse Show Association rules for this type of officiating.

Calgary Horse Show Has Many Interesting, Entertaining Events

By FRED KENNEDY

Thrilling high jumping hunters and jumpers, sleek, smooth-moving Hacks, Saddlebreds and Arabians, roping horses, quarter horses and reining horses, all moving and turning with cat-like agility. The aristocracy of the equine world.

Smartly gowned women, men dressed like Chesterfield. Riders, low in the saddle and urging their mounts with hand and boot over the high hurdles. Western cowgirls, riding their horses around the barrels with a daring which brings cheers from the crowd.

Pony chuckwagon races. Miniatures of the big event which thrills a half a million people annually at the world famous Calgary Exhibition and Stampede. Racing Ostriches from the Florida dunes, Racing Camels from Asia. Toss the whole outfit together in the comfortable, brilliantly lighted $1,500,000 Calgary Stampede Corral, and there you have the Calgary Horse Show, the most brilliant and exciting event of the social and sporting year . . .

Outside of the famous Royal Winter Fair at Toronto, no other horse show can compare with the Calgary event for size and diversification of program. It is a flat saddle or English event show, and a western event show rolled into one.

It attracts exhibitors from all over the United States and western Canada and it is the only show which boasts of two $1,000 stakes for unusual events—the $1,000 McMahon International Jumping Team Stake and the $1,000 International Cutting Horse Stake, with part of the prize money and special prizes donated by Art Sullivan of Calgary.

MAJOR W. ATKINSON, LSH, (RET.)
Ringmaster

Horse show patrons with the ladies garbed in evening gowns and the men in dinner jackets hob-nob with wealthy ranchers and their wives who in turn are dressed in the height of western fashion. There is color everywhere.

It can be found in the boxes, in the

Briar Fox, ridden by Miss Jean Schroder of Edmonton, winner of the Scurry Jump, a spectacular jumping event at the 1956 Calgary Horse Show.

huge Stampede Corral Concourse. In the hitching ring where the exhibitors gather to warm up their horses before they enter the ring, and in the general seating area of the Corral because Calgary and Calgary only would dare to stage a society horse show with a blending of east and west and bring it off successfully.

There were those who came to the first Corral horse show out of curiosity last year and stayed to become avid horse show fans. You could see them standing around the concourse at intermission time, listening intently to the "horsey" talk.

They soon learned to differentiate between a "Hack" (a riding horse mainly of the thoroughbred or half breed type) and a "Saddle Horse" (a gaited horse of United States registration with a proud bearing and a "set" tail). An Apaloosa (the original war horse of the Indians; a greyish horse with "paint" dabs all over his rump and flanks and a "rat" tail) from a Palomino (the golden horse of the Spanish dons and grandees).

They discovered that a "Cutting Horse" did not go around cutting people but was actually a "quarter" horse type famed for its ability to "cut out" cattle from the herd on the range and prevent them from returning to the herd until they had been roped and branded.

As their education progressed they found that a Jumper or "Timber-topper" was a horse of any breed, size or color who was judged solely on his ability to get over jumps no matter how high or how difficult. And that a Hunter was a horse, usually a full or half-bred thoroughbred who must possess conformation and style and soundness,

JAMES TAMAGI
Director Jaycees' Committee

A Show Winner

Mrs. Mike and Cam Williamson of Brandon, Manitoba,, winners of the open performance jump contest at the 1956 Calgary Horse Show.

STORE

and who would be a safe mount in the hunting field either for a lady or a gentleman.

They found too that Arabians can be bred and raised in this country, although their forebears came from Arabia, and that a Barrel horse or a Stake horse can also be of any breed and color providing that he has the speed and agility to run a short distance, "turn on a dime," and then head back in the opposite direction.

They had an opportunity too of becoming familiar with other breeds and types of light horses such as pony hacks, hunter hacks, Shetland ponies, Welsh ponies, Dartmoor ponies.

They discovered that a Parade horse must have lots of color and bearing and trained to do the "parade step," and that a Combination horse (American saddlebred) must be equally at home under saddle or between the shafts of a show carriage.

Going to a horse show is an education, even in this day of mechanized propulsion. It was a famous old English gentleman who said that "the outsides of a horse are good for the insides of a man" and that is the reason why so many older persons find enjoyment and health in horseback riding.

Of course Gene Holter's racing Ostriches and Racing Camels do not form part of the horse show program. They come under the heading of extra attractions and they have been brought to the Calgary Horse Show at great expense in line with the policy of the Calgary Exhibition and Stampede Ltd. to provide entertainment "firsts" whenever possible to do so.

No first class horse show would be complete without a ringmaster and the dapper gentleman in regimentals which you see at all times in the ring is Major William Atkinson (L.S.H. R.C., Ret.)

His duty is to see that all classes enter the ring on time and that they go through their various paces at the command of the judge. He also sees to it that all exhibitors observe the required decorum while in the ring and that no one enters unless they are properly dressed for the occasion.

The Announcer is Max Manchester of Portland, Oregon, a gentleman who has officiated in this capacity at a number of top United States and Canadian Horse Shows.

The Official Scorer in the jumper and hunter events is William Smith of Toronto, a former Calgarian.

The Senior Judge is Eldon J. Fairbanks of Pasadena, California and the Western Judge is E. J. Gutschenritter of Garden Plain, Kansas.

Both men come to the Calgary Horse Show with outstanding reputations.

TIME IS MONEY

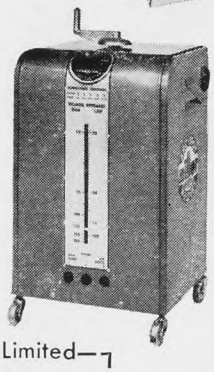

NOW YOU CAN DO YOUR OWN WELDING

If you're handy with your hands, you can easily learn to do your own welding and save yourself the high cost of idle equipment waiting to be repaired. Without spending more than you would for a good washing machine or refrigerator, you, too, can own and profitably operate L.A. Welding and Cutting Equipment. More and more farmers are finding out that it definitely pays to do their own welding of broken machinery parts. Even broken axles can be repaired and put back into service as good as new . . . You can probably name many other repair jobs on which you could use welding and cutting—*and* don't overlook the dozens of things around a farm you could *make* by these methods.

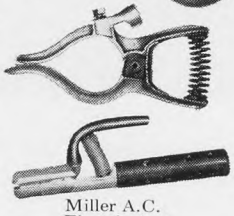

Shown here is the type of L.A. farm welding and cutting equipment that will save you valuable time and money. Spare parts and complete supplies, plus service, are available at all times. *For complete information without obligation, just visit your nearest L.A. branch or dealer in Winnipeg, Regina, Saskatoon, Calgary, Edmonton—or fill in and mail this coupon* today to the nearest L.A. branch in your district.

The L.A. Handiwelder—complete Oxy-Acetylene Welding and cutting outfit, including a welding manual

GENE HOLTER'S RACING CAMELS

EVENT NO. 16 Trophy donated by Lieutenant-Governor of Alberta J. J. Bowlen
Appaloosa finishing highest in this event — Trophy by Bill McMahon

CLASS 25 — Reining Contest — Open. Performance only to count. Entry Fee, $3.00. All contestants concerned will gather at the Arena at the proper time. Upon call each contestant will perform the required pattern individually and separately. The Arena or plot shall be approximately 150 x 50 feet in size. Each horse will be judged on the neatness, dispatch, celerity, ease and calmness with which he performs the pattern. Any unnecessary aid given by the rider to the horse (such as unnecessary talking, petting, spurring, quirting, jerking of the reins, etc.) to induce the horse to perform in accordance with the above salient attributes will be considered a fault and scored accordingly. Scoring will be on the basis of 60-80 with 70 denoting an average performance. Chain curb straps (regardless of how padded or taped), tie-downs and changing of reins from one hand to the other are barred. Hackamore with no metal parts may be used. In case of doubt a judge may require any horse to repeat his performance of any or all the various parts of the pattern. A judge, also, shall have the authority to require the removal or alteration of any piece of equipment or any accoutrement which, in his opinion, would tend to give a horse an unfair advantage. Any inhumane equipment will be scored accordingly. No bats will be carried. Rider must not change rein hand during performance or slap or bat horse with free hand. The following approved pattern will be used and each contestant will cause his horse to travel at the gait indicated for each part of the pattern. **Contestants are reminded that if horse is allowed to make a wrong turn or otherwise get off the charted course, he is disqualified.** In the event of a close decision, the judge

EVENT NO. 29

Trophy by Kenway's Western Store

CLASS 26 — Roping Contest—Open. Entry Fee, $3.00. The roping contest will be held under the usual, common rodeo standards and conditions. A horse will be scored on performance 90% and conformation 10%. Scoring will be done on the basis of 60-80 with 70 denoting an average performance. The way a horse behaves in the "slot" or "hole," the drive with which it leaves the hole, the speed with which it overtakes the calf, its aptitude in placing and maintaining the roper in a good roping position, the stop after the calf has been caught, the manner of working the rope, while the calf is being thrown and held, and the horse's action while the roper is returning, all will be considered in determining the score. The usual common items of equipment will be permitted. In case of question a judge shall have the authority to require the removal or alteration of any piece of equipment or any accoutrement which, in his opinion, would give a horse an unfair advantage. Neck ropes must be used. Ropers will carry only one loop and will be allowed to ride the length of the Arena down and back. If loop is not thrown in this time, or if loop is missed, the contestant's performance will be considered completed and the horse judged only on the portion of the performance he completed. When calf is roped, the roper will proceed to the calf in the usual manner, throw the calf and hold him down but not tied. After judge indicates performance is complete, ring attendants will hold the calf and remove the rope for the contestant. Calves to be roped will be drawn for in the finals only. The number of horses competing for the finals will be at the discretion of the show management. Contestant may ride not more than two horses. **Finalists will draw for positions.**

1st, $75.00; 2nd, $50.00; 3rd, $35.00; 4th, $25.00; 5th, $15.00; 6th, R.

1957 has seen the addition of 88,000 horses to the Wabamun "stables" of Calgary Power Ltd. They're thoroughbred work horses, harnessed to produce power from the Wabamun Power Plant equal to one-fourth of the Company's previous total capacity. Calgary Power's expansion is continuing. By 1958 over half a million such horses will be supplying power to meet the increasing needs of homes and factories in Canada's fastest growing province.

PLANNING AHEAD FOR ALBERTA

To Alberta's natural gas utilities, service means more than supplying fuel for today's requirements. It means more than "keeping pace" with ever growing demand. Natural gas service in Alberta includes "planning ahead" as a continuing process. The result . . . efficient, low cost fuel is always standing by to serve new industries . . . and to serve the people these industries bring with them.

Cooling and Refreshing

"CALGARY"

GINGER ALE

When you're tired and thirsty, relax with a glass of cool, clear Calgary. Like the icy waters of a turbulent mountain stream, it leaves you cool and refreshed, with the feeling of "well-being" that comes after a day in the outdoors.

Buy the Case!

JOHNSON CANYON — PHOTO BY FRED LEAK
